The Registrar, Mysore university. letter no. 9417 R 10.12.25.

Recommends that mr. K. S. K. Iyengar be appointed Professor of mathematics, central college and that mr. K. B. Madhava Professor of mathematics, Mathematical Economics and Statistics at the Maharaja's College, each of them being given Rs 400 in the grade Rs 400 - 30 - 700.

On the vacancy caused by the retirement of mr. M. T. Narasiengar, Professor, I grade, mr. Venkatesachar has been promoted from the 2nd to the 1st grade and so there is a vacancy in the 2nd grade.

On January last, the govt had there mr. K. S. K. Iyengar a pay of Rs 350 on probation for one year to be confirmed if found suitable on Rs 400 in grade Rs 400 - 30 - 700. (Vide C.B. 502-24 SS 1-15 or).

In the present prospects the University Council can scarcely view the question of appointing a Professor of Mathematics at Mysore which has once been vetoed. Vide Dewan's notes in file put up. (G.O. 97-25 SES 1, 2, 11 etc.).

If Mr. Keshava deserves to be appointed Professor — I may say however that the way that his mathematical abilities are considered to be of an exceptional character it would be better to select him as a Professor straight than to appoint him as Asst Professor. ~~He was appointed on Rs 350~~ Mr. C.S.K. Ayyangar was once offered Rs 350 & though he then declined it I am not sure whether he will accept it now as there is much difficulty just now for the best qualified men all over India to fill appointments.

This subject has been circulated to the Syndicate for the next meeting as desired by the Dewan

104. Subject. - Clause v of the schedule.

Appointment of Professor of Mathematics in the Central College, Bangaloro.

OPINION OF THE COUNCIL.

Mr. K. S. K. Iyengar may be appointed Professor of Mathematics, Central College, on Rs.350 on probation for one year against the vacancy of Professor on Rs.400-30-$\frac{70}{1}$ In view of the fact that Mr. Madhava is doing very important work at Mysore in Mathematics and allied subjects his pay may also be fixed at Rs.350/- per mensem and he may be treated as temporary Professor for a year, the question of re-organizing the Mathematics Section in the Maharaja's College being taken up during next budget time.

(Signed) A. R. BANERJI,

Dewan of Mysore.

"EXTRACT"

Chief Secretary to Government.

WD 1471—GPB—2,000—1-3-21

Submitted to His Highness.

Applications were invited to fill up the vacancy due to the retirement of Mr. M.T.Narayniengar, Professor of Mathematics, Central College, Bangalore and the University Council recommended that Mr.K.S.K.Iyengar, who has graduated with distinction in Cambridge, be appointed Professor of Mathematics on probation for 2 years in the grade Rs.400-30/1-700. In this connection the University Council recommend that Mr.K.B. Madhava, Assistant Professor of Mathematics, Maharaja's College, Mysore may be similarly appointed Professor on probation for 2 years in the grade Rs.400-30/1-700.

In connection with the tutorial and other staff required for teaching Mathematics in the Maharaja's College Mysore, the University had recently proposed to appoint Mr. Madhava as Acting Professor of Mathematics but as explained in my Submission Note of the 24th November 1925, this proposal could not be given effect to as the scale did not provide for a Professor of Mathematics in Mysore.

When this was explained to the Extra Member, he urged that the appointment of a Professor of Mathematics in Mysore was very necessary and that some of the subjects taught there viz: Mathematical Statistics, were such as only a specialist like Mr.Madhava could handle and though he was fit to be Professor of Mathematics in the Central College, he could not be sent there as no other man could do the work in the Maharaja's college. He also states that having regard to the number of classes, etc. a full-time Professor of Mathematics was necessary at Mysore. The matter was considered in Council who have resolved as follows:--

Page 3 of Office Note

"Mr.K.S.K.Iyengar may be appointed Professor of Mathematics, Central College, on Rs.350 on probation for one year against the vacancy of Professor on Rs.400-30/1-700. In view of the fact that Mr.Madhava is doing very important work at

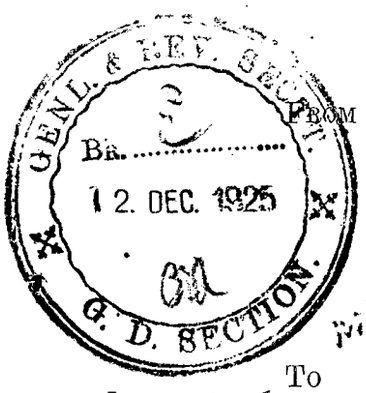
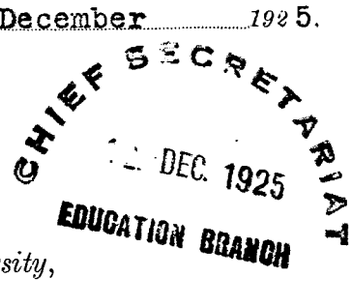
CS. 1048

Office of the Mysore University,

Dated Mysore 10th December 1925.





FROM

V. SUBRAHMANYA IYER, Esq., B.A.,
Registrar, Mysore University,
Mysore.

Rec'd on 14.12.25

CS 135-45-1

To

P.G.D'Souza, Esq, B.A., B.L.,
Chief Secretary to the Government
of His Highness the Maharaja of Mysore,
Bangalore.

Sir,

In continuation of this office letter No.7283 dated the 3rd November 1925 recommending certain temporary arrangements for work of the mathematics Department in the Central College, pending appointment of a successor to Mr. M.T.Naraniengar, M.A., retired Professor of Mathematics, I am directed to state that the vacancy of a Professor of Mathematics in the Central College having been duly advertised (vide this office Notification No.1701 of the 29th July 1925 published on pages 781-2 part IV in the Mysore Gazette dated the 6th August 1925), the applications received were considered by the University Council at their meeting held on the 21st November 1925 when it was resolved

1. that Mr. K.S.K. Iyengar be appointed Professor of Mathematics at the Central College on Rs.400/- in grade Rs.400-30-700 on probation for two years, he being given Rs.400/- fixed during the period of probation and

2. that Mr. K.B.Madhava be appointed Professor of Mathematics, Mathematical Economics and Statistics at the Maharaja's College on Rs.400/- on probation for 2 years in grade 400-30-700, he being given Rs.400/- fixed during the period of probation.

In this connection, I am to state that of the 13 applicants that applied for the post of Professor of Mathematics in the Central College, Mr. K.S.K. Iyengar/s has been selected for the post in view of his academical qualifications which are noted below:-

B.A. (Hons) Madras 1921;
B.A. (Hons) Mathematical Tripos, Cambridge, 1924;
Passed Part I of the Mathematical Tripos in 1922 in I class, part III in 1924, I class.
Specialised in Advanced Theory of Functions (Real and Complex) etc., Eliptical Functions.
Obtained special distinction in these subjects known in Cambridge as 'B' star.

A copy of the list of applications received and all the applications and their enclosures in original have been enclosed herewith for reference and kind return.

Mr. K.B.Madhava, I am/add, is an M.A., and has already put in a service of 7 years. He has been ~~now~~ drawing a salary of Rs.300/- since 18th July 1924. Though designated Assistant Professor he has been doing the work of a Professor of Mathematics, in the Maharaja's College. His work in Mathematics, Mathematical Economics and Statistics in the Maharaja's College is not inferior to that of the Professor of Mathematics in the Central College. The University Council are therefore of opinion that he should be appointed Professor of Mathematics in the Maharaja's College on Rs.400/- in grade 400-30-700 on probation for two years he being given a salary of Rs.400/- fixed, during the period of probation. The Vice-Chancellor is in entire agreement with the recommendation of the University Council and strongly supports the same.

I am to enclose herein for information of Government a copy of extract from the Proceedings of the University

Council and to request that you will be so good as to obtain ~~xxxx~~ kind sanction of Government to the above appointments as early as possible.

I have the honour to be,

Sir,

Your most obedient servant,

Registrar.

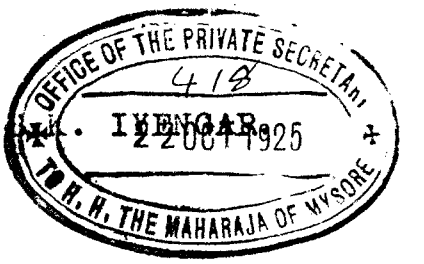
5.	Dr.H.Subramania Iyer C/O T.P.Ramasubba Iyer, Esq., B.A., Secretary to Government, Trivandram.	Hindu Brahmin.	M.A.(Madras) in Maths. Doctor in Philosophy (Lond. University) for his work in Applied Mathematics & Astronomy in June 1925.	Lecturer in Maths.	H.H.the Maharaja's College, Trivandram.	~~* (1) forwards a copy of certificate from Mr.L.T.Narunengar. (2) Has got Teaching experience for 14 years. (3) Is han~~	*(1) Is lecturing in Inter and B.A.classes (2) Had been to England for Higher studies (3) States in his letter that he is bound to serve the Travancore Government for two years. (4) Application not received through the Department.
6.	Mr.Souty Purushotham Professor of Maths. Maharaja's College, Vijayanagaram.	38 years Brahmin.	B.A., M....? (Madras) 1st in 1st class in Maths. 1914.	Prof. of Maths. on Rs345/- P.M.	Maharaja's College, Vijayanagaram.		*(1) Was Asst. Professor of Maths. in the Presidency College, Madras in 1915-17 (2) Knows French and German and has read many Mathl. books in those language (3) Encloses a copy of testimonials from the Principal of his present College.
7.	Mr.G.V.Bhagavat, M.A., Prof. of Maths. Somaldar College, Bhavanagar, Kathiawar.	27 years Indian Brahmin.	B.A. 1st in 1st class 1921 M.A., in Maths. (Bom) (Group B) IInd class 1924.	Prof. of Maths. Rs 225/-P.M.	Samaldas College, Bhavanagar.		*(1) Studied under Dr.Paranjapye M.A., D.Sc. (") Was appointed Senior Dakshana Fellows 1921-22. (3) Worked in N.E.D. Civil Eng. College, Karachi. (4) Encloses copies of testimonials from certain Professors. (5) Application is received through the Principal, Samaldas Col. Bhavanagar.
8.	Mr.N.K.Bose, 97 A.Upper Circular Road, Calcutta.	30 years (next birthday) Bengalee by birth Brahmo by religion.	Ph.D. (University of Gottingen (Germany) 1923. M.Sc. (Calcutta) 1919. B.Sc. Hons in Maths. Calcutta University in 1917.				x. (1) In 1919-20 worked with the Gosh Prof. of Applied Maths. in the University College of Science and Technology as a research student 1922-23 worked with Professor C.Runge, Director of the Institution in Gottingen and Professor L.Prandtl, Director of "Arrodynamische &c., (2) Published a number of original papers in some of the best Sc.Jls. of England Germany and India, which have attracted an expert x in the subject.

*. States that he has been recommended for reappointment in the Aligarh Muslim University from October next on Rs 400/- P.M. (2) Was lecturing to the M.Sc. class and B.Sc. (Hons) students in different Mathematical subject. (3) Knows German fairly well and has opened a class at the Aligarh Muslim University to teach German (5) Encloses copies of testimonials from the Vice-Chancellors and Heads of the Departments of Mathematics of both the Universities.



RESPECTFUL REPRESENTATION OF K.[illegible]. IYENGAR.

My late father Mr. K.R. Sesha Iyengar was a well known advocate in Bangalore.

I graduated from the University of Madras in Mathematics with honours in 1921 (B.A. Hons). I then proceeded to England to specialise in the advanced branches of modern mathematics at the University of Cambridge (Trinity Hall). As a result of my distinguished work in that place I was made a Scholar of Trinity Hall. Besides becoming a wrangler in mathematical tripos, I was also fortunate in obtaining the much coveted distinction "B-Star" for my distinguished work in the very advanced branches of mathematics. The "B-Star" distinction corresponds to the old Senior Wranglership and is conferred on men displaying a special aptitude for the thorough grasp of the subject as well as research on original lines.

The Examiner for the Tripos '24, assured me personally as can be seen from the accompanying testimonial, that I have been one of the very few Indians and the only Mysorean to have achieved such marked success in the subject.

After I returned to Mysore, the Chief Secretary to Government was kind enough to make me the provisional offer contained in the accompanying D.O.1676 C.B. I have been anxiously expecting that the Government of His Highness would kindly consider my case in view of this offer to me. I am now submitting this respectful representation to you, Sir, for your kind support and sympathetic action in the matter.

D.O.No.1676/C.B.

General & Revenue Secretariat,
Bangalore, 10th Jany 1925.

Dear Sir,

With reference to your cable from England regarding the offer of an appointment made to you in the Mysore University, I am desired to enquire provisionally whether you will be prepared to accept a post on Rs350/- in the Mathematics Department in the Central College on probation for one year to be confirmed if found suitable on Rs400/- in the grade/rising to Rs700/- by annual increments of Rs30/-. I desire to make it clear that this is not to be taken as an offer but is only a provisional enquiry. If your answer is in the affirmative the matter will be taken up by the Government for favourable consideration.

Yours faithfully,

Sd.K. Matthan

Chief Secretary to Government.

K.S.K. Iyengar, Esq, B.A, (Cantab),
Bhamarajpet, Bangalore.

8, Lalbag Road, Bangalore,
22-7-25.

Mr. K.S.K. Iyengar has been to see me and told me of what his career was in Cambridge. He passed both parts of the Mathematical Tripos thus becoming a Wrangler. In addition he appeared for the special advanced papers in Schedule B and got a star. He has thus obtained the highest distinction that is at present possible for a student to obtain in Cambridge on the results of examinations. In his reading for the special papers he had to study several advanced subjects and his teachers who are well-known mathematicians speak highly of his capacity and consider him quite capable of doing efficient work both in teaching and research. He therefore appears to me to be eminently suitable for a high educational post in a University.

I have given him this note, though I see him now for the first time, as he thinks that the conditions at Cambridge are not well known to Indian members of the Governing bodies of educational institutions.

Sd. R.P. Paranjpye,

Late Fellow of St: John's College
Cambridge. Professor and late
Principal, Fergusson College, Poona.
Late Minister of Education, Bombay.

Trinity College,

Cambridge.

Mr. Iyengar has attended a number of my courses of lectures in the last two years or so and I examined him in the Mathematical Tripos. It is evident already that he is a man of high ability to be definite, I can state that he is one of the two or three best Indian pupils that I have ever had. He has a genuine enthusiasm for mathematics and I confidently predict for him a highly successful career, both as a teacher and as an original investigator.

Sd. J.E. Littlewood.

Trinity College,
Cambridge,
July 29, 1924.

I fully agree with what Mr. Littlewood states concerning the ability of K.S.K. Iyengar. The latter has attended a number of my advanced lectures and I am satisfied that he is competent to deal with mathematical ideas of the most advanced modern kind.

It would be a great pity if, through force of circumstances, Mr. Iyengar were compelled to break off his studies in Cambridge just at the moment when they are about to be of most value.

H. F. Pollard, M.A,
Fellow and Lecturer.

Mr. K.S.K. Iyengar of Trinity Hall has attended several of my courses of lectures on pure mathematics and I have seen something of him outside my lecture room.

I formed a very high opinion of his mathematical ability which has been confirmed by the distinguished place which he has just taken in the mathematical Tripos. Mr. Iyengar has read extensively and has a very real enthusiasm for mathematics, a most valuable qualification for a teacher.

I know nothing of Mr. Iyengar's knowledge of applied mathematics but I consider him otherwise amply qualified from the point of view of learning, ability and zeal for a post ~~of~~ as lecturer in a University or College of University rank.

Sd. Arthur Berry, M.A,

Fellow & Assistant Tutor of King's College
Cambridge, University Lecturer in
Mathematics. Formerly Vice-President
of the London Mathematical Society.

From the Tutor,
Trinity Hall,
Cambridge.

I beg to certify that Mr. K.S.K. Iyengar has been a resident member of this College from January 1922 until the end of the present term, when he took his B.A. dggree. He was placed in Class 1 of Part I of the Mathematical Tripos in June 1922 and was then elected a scholar of the College. In the present June he was placed in Class I of Part II of the Mathematical Tripos and in addition he obtained distinction in the subjects of Schedule F in this Tripos. He has thus done extremely well in his examinations here. His character and conduct have also been satiffactory during his time here and he has taken his part in the life of the College, joining in the games and other activities of College life. I am glad to recommend him for an educational post in India.

Dear Sir,

With reference to your letter No.9417 dated 10th December 1925 in regard to the appointment of Mr. K.S.K. Iyengar, I am desired to state that Government have sanctioned his appointment as Professor of Mathematics, Central College, on Rs.350 on probation for one year against the vacancy of Professor on Rs.400-30-700. I am to request you to consult Mr. K.S.K. Iyengar whether he is willing to accept the appointment on the above terms. Formal orders will issue on receipt of a reply from you in the matter. If he accepts he may be permitted to enter upon his duties in the Central College with effect from the date of resuming charge after the Xmas holidays.

Yours sincerely,

V. Subrahmanya Iyer, Esqr., B.A.,
Registrar, Mysore University.

S. O. G. 1

Government of His Highness the Maharaja of Mysore.

GENERAL AND REVENUE DEPARTMENTS.

G. O. No. 635-85—C. B. 59-24-1, dated 10th September 1924.

Study Leave to Officers.

Laying down rules for the grant of facilities to officers of study in or outside India ——.

ORDER No. 635-85—C. B. 59-24-1, DATED 10TH SEPTEMBER 1924.

The higher officers of Scientific and Technical Departments require opportunities for the study of the latest developments in the subjects in which they have specialised, in countries where there are facilities for such study. The members of the superior staff of the General Department have to study problems of administration under Governments which have made much progress in the solution of such problems. Government consider it, therefore, desirable to offer inducements to officers of all departments for encouraging them to undertake tours for purposes of study in or outside India.

2. The following rules are accordingly sanctioned to be in force for a period of three years, in the first instance, commencing from 1925-26:—

(1) Officers who have not less than eight years service and who are not within three years of the date on which they attain the age of superannuation will be eligible for the benefit of these rules.

(2) An officer who proposes to pursue a course of study will be allowed privilege leave and furlough on full average salary which is at his credit.

(3) The period of furlough on full average salary or combined privilege leave and furlough on full average salary shall not ordinarily exceed eight months. In special cases in which a longer period is necessary, an extension up to one year will be allowed, the excess over the period of leave to the officer's credit being treated as anticipatory furlough on full average salary.

(4) Single passage and railway fare from the officer's headquarters to the place of his study, and back to his headquarters, will be allowed. First class rates will be given to officers on pay of Rs. 800 and above, and second class rates, to others.

(5) Tuition and examination fees will be allowed.

(6) The courses of study which an officer proposes to take require to be approved by Government.

(7) Progress reports of study should be submitted to the Head of the Department at intervals fixed by him.

(8) On his return from leave, an officer should submit a report on the studies pursued by him and the suggestions he would make for improving the work of his department.

(9) Applications for availing of the benefit of these rules in any year should be submitted in the month of December preceding that year.

(10) The number of applications which can be sanctioned under these rules will be limited by the amount provided for the purpose in the budget of each year.

K. MATTHAN,
Chief Secretary to Government.
